

MistAMERICA Creates the Perfect Outdoor Environment

Radiant Heaters - *Outdoor living just became a lot more comfortable*

Dinner on the terrace. Cocktails under the stars. Now there is an eco-friendly way to turn up the ambience with our sleek Radiant Heaters. These low-profile electric Heaters coordinate with many décor styles and offer silent operation and superior performance. Our Radiant Heaters are up to 75% more cost efficient than gas, UL - listed for outdoor and indoor use and are easy and inexpensive to operate. MistAMERICA offers a wide selection of Heater options for optimum comfort in any outdoor area. Our Heater products are ideal for use in Fine Homes, Restaurants, Resorts, Amusement Parks, Industrial Warehouses and more.
